Dear Sir:

The Commission at a recent meeting approved the increases in salary for the Deputy Directors to the various City Commissioners from \$4000

War Department  
United States Engineer Office  
Room 616, Army Building,  
39 Whitehall Street,

New York City,

July 24, 1922.

#### PUBLIC NOTICE:

To Whom It May Concern:

1. The Central Railroad Company of New Jersey under date of July 24, 1922, submitted revised plans to accompany their application dated May 26, 1922, for a federal permit to authorize the construction of a four-track railway bridge across Newark Bay, between Bayonne and Elizabethport, N. J. These plans were revised by the railroad company to meet objections and suggestions presented by navigation interests attending the public hearing held on the matter in Room 512, Army Building, New York City, on July 14, 1922.

2. The only change in the plans affecting navigation interests is an increase from 13.7 feet to 35 feet at mean high water in the under clearance at the main channel spans for the closed position of the draws. Due to the greater elevation of the bridge there is also a change in the type of the piers to be located between the United States pierhead and bulkhead lines on both sides of the bay, but this feature does not concern general traffic in the bay.

3. These plans may be seen and examined at this office, Room 603, Army Building, No. 39 Whitehall Street, New York City.

4. As the increase in elevation complies with the general view of navigation interests on this point, as expressed at the hearing on July 14, 1922, there appears to be no need for a further hearing to consider the revised plans, but if any interested parties desire to object to this change in the plans it is requested that they submit in writing on or before August 5, 1922, any statements that they may care to present with reference to this question.

H. C. Newcomer,  
Colonel, Corps of Engineers,  
District Engineer.

The following communication was received and read:

A. W. CONKLIN  
313 Summer Avenue  
Newark, N. J.

August 8, 1922.

Very Important.

To the Honorable,  
The Board of Commissioners  
of the City of Newark.

Gentlemen:

1. The Taxpayers of Summer Avenue do most positively, seriously and urgently protest against the heavy trucks that are allowed to run on their residence street.

When enormous ten ton trucks sometimes with a trailer, with solid hard tires run through the street they do more damage in one trip than 1,000 automobiles, making a large annual expense for the City for repairs.

Every house is shaken and ceilings crack and fall, and many people have had large bills for repairs. Trucks rush through over-loaded with lumber, brick, iron, etc., many of them from out of town, who pay no tax. A recent count for one day showed that 160 trucks had passed through the street.

When trucks are not allowed on Mt. Pleasant Avenue, upper Broad Street, Park Avenue, Ridge Street, and many others, we feel that Summer Avenue should not be discriminated against any longer. Belleville Avenue is a much wider street and has a hard pavement and it is just as convenient for the trucks to use that street. We are forced to consider this a most serious injustice and a wrong, as it reduces the value of every piece of property, has a serious effect on sick people, and the trucks should at once be absolutely prohibited and barred.

2. Every jitney bus should be required to use soft tires, as some of them now use hard tires.

Respectfully yours,  
A. W. Conkin,  
and every property owner.

The Board of Commissioners of

City Clerk.

NEWARK, N. J.,

August 15, 1922.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present:—Commissioners Brennan, Howe, Raymond, Mayor Breidenbach.

Absent:—Commissioner Gillen.

The minutes of meeting of August 8th were read and approved.

Mr. Geo. F. Seymour, 20 Clinton Street: I represent the Peddlers' and Hucksters' of Newark. They have an organization of seven or eight hundred. They make a business of selling things from wagons in streets and within the past week or so the Police Department has been making a number of arrests because they shout in the street which is in violation of an ordinance. I understand this ordinance was passed some fifteen years ago and makes it unlawful to shout in the streets to attract the attention of buyers. These men find it impossible to sell their goods unless they shout. I am of the opinion that complaints have been coming in to the Police Department because they have been yelling indiscriminately, doing it regardless of the hours or the neighborhood. I have explained to them that there is an ordinance prohibiting shouting on the streets and I told them I would come before the Commission and ask if it would not be possible for these men to sell their goods and let them use their judgment as to the hours and streets until such time as we could come here

and suggest an amendment to the present ordinance.

Commissioner Brennan stated that the provisions of the ordinance were being enforced on account of the large number of complaints reaching the Police Department and the number of peddlers shouting their goods on the streets and the late hours they continue doing so.

Commissioner Raymond moved that the matter be referred to the Director of Public Safety and the Corporation Counsel in order that they may consider the matter and take such steps as they deem proper, or advise us of their recommendations.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Howe, Raymond, Mayor Breidenbach.

Mayor Breidenbach: Gentlemen, I take pleasure in introducing Mr. Felix V. Preval, representing the Masonic Grand Lodge of Cuba who is visiting our City with a delegation from Cuba, and as Mayor of the City, I welcome you to our City.

Commissioner Raymond: If there is anything the City Commission can do to make your stay more agreeable, we will be pleased to place anything at your disposal.

Mr. Preval thanked Mayor Breidenbach and Commissioner Raymond on behalf of the delegates from Cuba for the kindness shown himself and delegates.

Commissioner Raymond offered the following resolution:

WHEREAS, Mrs. Emily Coe Jenkinson, wife of Mr. Richard C. Jenkinson has been called from this world by death;

WHEREAS, In her life she was a pattern and example of all that is fine in womanly citizenship, and her life was full of good works which will live long after her; therefore be it

RESOLVED, That this Commission extend to Mr. Jenkinson and the members of his family their most sincere condolences on their great loss; and,
